3. Classes are taught in Catalan and Spanish. Although it is not a reason for exclusion to participate in the exchange mobility to be fluent in one of them, it is very recommendable to have a minimum of level B1.2 of the Common European Framework of Reference.

We would also like to mention that the Erasmus students of the Escola Massana-UAB have the right to attend one Spanish course with a discount and also one Catalan language course free of charge. To have information about courses offered, prices and dates of enrolment, please consult:

Minimum exchange period demanded is 4 months, within one of the terms.

PROCEDURES TO REQUEST AN EXCHANGE

1. After being selected at the home institution to participate in the Escola Massana exchange programme, it is necessary to send to Escola Massana International Department the following documents:

- Completed application form
- Curriculum vitae
- Transcript of records
- Letter of motivation.
- Photocopy of your identity document or passport
- Printed portfolio or book (DIN-A4 maximum size) with referenced pictures of the student's work. The portfolio is the essential tool to evaluate the student work level. CD, DVD or work sent by e-mail will be considered as a complementary material to complete the portfolio information.

It will be an advantage to have a Spanish or Catalan Language Certificate.

Escola Massana has only one deadline valid both for students coming in September and for the ones coming in February which is April 30th. Documents delivered after this date will not be taken into consideration.

2. After having sent all the application documents directly to Escola Massana, students must also submit the UAB on-line application form available at <http://sia.uab.es/> . This Application Form will be available during the following periods:

ERASMUS+: For students choosing to come in the first term, second term or for one academic year: from April 1st to June 15th

UAB EXCHANGE PROGRAMME: For students choosing to come in the first term, second term or for one academic year: from March 1st to May 15th

The students accepted will receive via e-mail two admission letters, one from the UAB and one from Escola Massana with useful information for their future stay at UAB/Escola Massana.

Please note that Escola Massana has its own procedures, so the submission of the UAB on-line application form does not mean a direct acceptance and it will not be valid if students have not previously sent all their application documents directly to Escola Massana. Escola Massana will not accept any student whose application has been done in any other way.

3. Once documents are received, Escola Massana will select candidates according to the quality of the documents provided and the available spaces.

Escola Massana reserves the right to refuse admissions when:

- The application form and the portfolio arrive after the deadline, **April 30th**.
- The home institution number of applications exceeds the agreed maximum number of exchanges in the Academic Year.
- The number of applications for the Department exceeds places available for exchange students. In this case, the Head of this Department would choose applicants whose portfolio presents the most interesting works.
- The portfolio contains not enough information to evaluate student's work, or the Head of Department considers the student's work and academic standing to be inappropriate.

4. Before **July 15th**, Escola Massana will contact all international partner offices in order to inform them about the selection process and about the students admitted.

- In case of acceptance, Escola Massana will send a letter as **an official confirmation** to the applicant home institution International Department. This letter will indicate the date the student is expected in Escola Massana, detailed information on the curriculum and subjects offered during the period of your exchange and the necessary documentation to bring.
- In case of denial, the Escola Massana International Department will inform to the home institution International Office and the portfolio will be returned by slow mail.
